

TURF

Extremely durable doormat.

Possible to extend.

Produced in Sweden.

Usage areas

Bergo Flooring has developed a wide range of flooring products for different environments.

Turf is specially developed for entrances and can be used both indoor and outdoors.

Advantages

- Open structure
- Several colours and combinations
- Three standard sizes
- Easy to extend to preferred size
- Easy to keep clean
- Keeps the dirt away
- Withstands both extreme cold and hot climate
- Attractive design
- In- and outdoor use.

Durable

Turf has an open structure, which allows rain and dirt to fall through. This means that the mat will not easily break and corners will not easily bend, when it is exposed to temperature variations.

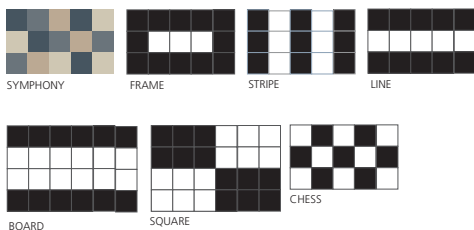

Technical information

Material: Environmentally friendly recyclable UV-stabilised polyethylene.

Size:
 A = 86 x 57 cm
 B = 71 x 43 cm
 C = 57 x 43 cm
 D = 57 x 57 cm
